Validity. The prices in this list are valid until October 31, 2026. The list is updated every month; after that date please check marblerart.com/en/ or write to us for current prices. Quotes issued within the validity period stay valid for 30 days.

Who these prices are for. The EUR prices apply to pieces that are exported from Türkiye. They are EXW (ex works) our factory in İzmir Atatürk Organized Industrial Zone, Çiğli, and include export wooden crate packaging. For deliveries inside Türkiye the Turkish list applies and 20 percent KDV (VAT) is added.

What an export buyer pays. The piece at the EXW price, plus logistics: transport from our factory, customs clearance in Türkiye and in the destination country, import duties and taxes there, and door delivery if wanted. We arrange all of this for you and quote it per order; we ship worldwide by road, sea or air. Tell us the piece, stone, quantity and full delivery address and you receive one complete quote.

Companies and bulk orders. Architects, interior designers, dealers, hotels and project buyers receive trade discounts, and bulk orders are priced individually. Ask us with your project details.

Stones. Every piece is listed with its standard stone and the alternative stones we keep in stock at fixed prices. Other marbles, travertines and onyx are sourced to order and quoted individually. Natural stone varies from slab to slab; we send photos of the actual slabs before production.

Made to order. Each piece is produced after the order is confirmed. Production takes 2 to 6 weeks plus transit. Custom sizes, edge profiles and thicknesses are available and change the price; ask for a quote with your drawings or measurements.

Payment. Bank transfer (SWIFT) against proforma invoice, or card payment link. Quotes are valid for 30 days.
